L-ASPARAGINASE TESTING AT NEXT BIO RESEARCH SERVICES NOTICE OF PRICE INCREASE

Dear Valued Client:

We have done our best to maintain the cost of our L-Asparaginase test. However, if the face of continuously increasing costs for critical reagents coupled with supply chain issues, increased costs for labor, and tariffs which are passed onto us from our vendors it has become necessary to adjust the cost of our asparaginase test. We hope that the results provided to you have been of great benefit in helping to manage your patient's health care.

Effective DECEMBER 1, 2026, the cost per sample for asparaginase testing will increase to $ 295.00.

This represents a 7.3% price increase and we hope you understand that this price increase is being implemented so as to continue providing you with the quality service you have come to expect. We thank you for your continued business and if you have any questions or concerns, please feel free to contact me directly.
