L-ASPARAGINASE TESTING AT NEXT BIO RESEARCH SERVICES NOTICE OF PRICE INCREASE

Dear Valued Client:

For the past year, we have continuously absorbed the increased costs for labor, materials, and reagents necessary to perform our L-asparaginase level test assay. However, with the imposition of tariffs on our vendors which are now being passed onto us, it has become necessary to adjust the cost of our asparaginase test. We hope that the results provided to you have been of great benefit in helping to manage your patient's health care.

**Effective SEPTEMBER 15, 2025, the cost per sample for
asparaginase testing will increase to \$ 275.00.**

We thank you for your continued business and hope you understand that this price increase is being implemented so as to continue providing you with the quality service you have come to expect. If you have any questions or concerns, please feel free to contact me directly.
