L-ASPARAGINASE TESTING AT NEXT BIO RESEARCH SERVICES NOTICE OF PRICE INCREASE

Dear Valued Client:

It has been two years since we last instituted a price increase for our L-asparaginase enzyme activity test. We expect that the results provided to you over this two-year period have been of great benefit to you in helping to manage your patient's health care. In this same period, the costs of doing business have continued to increase, and so we are now forced to pass a portion of these costs on to our clients.

Effective October 1, 2023, the costs per sample for asparaginase testing will increase to \$ 185.00.

We thank you for your continued business and hope you understand that this price increase is being implemented so as to continue providing you with the quality service you have come to expect. If you have any questions or concerns, please feel free to contact me directly.
